Cowboy Dressage Competition and Clinics at Western States Horse Expo, Sacramento, CA, June 9-11, 2017

When you attend the Expo this year you won't have to look far to find Cowboy Dressage! There are Clinics, Soft Feel Competitions, Musical Drill ridden by the CD Competitors, and of course our great Booth.

Come out to the arena in the morning and watch the Cowboy Dressage Clinics with Founders Eitan Beth-Halachmy and Lyn Ringrose-Moe as they prepare riders and explain the specific concepts that will be ridden during the Cowboy Dressage "Soft Feel" Competition later that day.

Remember to stay until the end for a special ride to music choreographed by Eitan Beth-Halachmy himself. This Musical Ride will incorporate the maneuvers explained in the clinic and have an emphasis is on "Soft Feel" and "Harmony and Partnership".

Then in the evening it's on to the Western States Cowboy Dressage Soft Feel Competition. Watch riders from around the state compete for the buckle title of Western States Cowboy Dressage Champion. Come see for yourself what Cowboy Dressage is all about and why it is so popular.

WHY IS COWBOY DRESSAGE SO POPULAR?

Cowboy Dressage is revolutionizing the way people interact with their horses in the western communities. It provides an outlet for folks that embrace kindness in their horsemanship and gives them a place to showcase their endless endeavor of cultivating

a good relationship with their horses. Cowboy Dressage is rewarding the art and beauty of riding with a soft feel partnership and celebrates the TRY in horse and rider. This community treats each other and their horses the way you would want to be treated. NICE!
